MANAGEMENT DISCUSSION AND ANALYSIS REPORT

COMPANY OVERVIEW

Our Company belongs to the Indel Group, which was founded by Late Mr. Palliyil Janardhanan Nair. The Indel Group entered the regulated financial services business at a small village in Palakkad, Kerala under a State Government Money lenders license. Over the years the Group has diversified its presence from being a financial services company to automobile dealership, hospitality, infrastructure development, media, communication and entertainment.

Our Gold Loan customers are individuals primarily from rural and semi-urban areas. We believe that what distinguishes us from banks and other gold loan companies is our focus on rural and semi-urban regions, our turnaround time, our focus on a mix of long term and short term loans and our ability to reach out to our customers and provide them the comfort of transacting with us at their doorstep.

Our Company is one of the few gold loan companies which has launched a long term 2-year gold loan scheme to support the cash and liquidity requirements of our customers. The 2-year gold loan schemes account for 0.02% of the gold loan portfolio (excluding off-balance sheet assets) of our Company for Fiscal 2024.

We focus on rapid, on the spot approval and disbursement of loans with minimal procedural formalities which our customers need to complete in order to avail a loan from us. We have developed various Gold Loan schemes to meet the different needs of various customers. With a view to offer differentiated services during the covid-19 pandemic and considering the customers' dilemma regarding requirement of credit but being unable to visit branches, we introduced the 'Doorstep GoldLoan' scheme. This enabled our customers to avail much needed credit during the lockdown and transact with us from the comfort of their homes.

We have also introduced 'Digital gold loan' in April 2020 to offer existing customers an opportunity to seek additional credit and helped lot of our customers avail much needed credit when strict lockdown rules were enforced in the first two quarters of Fiscal 2021.

Our lending functions are supported by a custom developed information technology platform that allows us to record relevant customer details, approve and disburse the loan. Our entire gold loan

life cycle i.e., from origination to closure has been digitised with capability to generate real time MIS. Our web based centralised IT platform records details of all branches also handles management of the relevant loan and pledged gold related information. We have launched our own applications on google Playstore and iOS App Store and also launched our web based payment portal named E-Connect in 2019 which helps us expand our footprint across states and allow our customers to interact with us more efficiently, without having a need to visit our branches physically. We have integrated all major payment methods including UPI based payments into the E-connect platform as well our mobile applications to enhance convenience offered to customers and positively impact the customer experience.

Industry structure and developments

Gold loans are, at heart, commodity-based finance where price risk is the lender's main risk. Collateral values dropping below outstanding loan amounts is often a cue for defaults to surge. But thanks to a macro tide, gold loans remained relatively sheltered from its biggest risk for 14 years.

The era of gold prices moving relentlessly up is over for now, as subsequent increases have seen sharp moderation. That explains, at least partially, the relatively sedate growth of gold loans thereafter.

SWOT ANALYSIS

Weaknesses
High cost of funding compared to banks High concentration in personal gold loans Challenges in storage of gold
Threats

Independent Auditors' Report

TO THE MEMBERS OF

INDEL MONEY LIMITED

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of Indel Money Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, the Profit and total comprehensive profit, changes in equity and its cash flow for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr.No.	Key Audit Matter	Auditor's Response
1	Expected Credit Loss under IND AS 109 "Financial Instruments" The Company recognises Expected Credit Losses (ECL) on loan assets under IND AS 109 "Financial Instruments" based on the Expected Credit Loss model developed by the Company. The estimation of expected credit loss on financial instruments involves significant judgement and estimates. Key estimates involve determining Exposure at Default (EAD), Probability at Default (PD) and Loss Given Default (LGD) using historical information. Hence, we have considered the estimation of ECL as a Key Audit Matter.	of financial assets and its compliance with IND
		Obtained an understanding of the Company's Expected Credit Loss (ECL) calculation and
		• Tested the key controls over the assessment and identification of significant increase in credit risk and staging of assets.
		• Sample testing of the accuracy and appropriateness of information used in the estimation of Probability of Default (PD) and Loss Given Default (LGD).
		• Tested the arithmetical accuracy of the computation of PD and LGD and also performed analytical procedures to verify the reasonableness of the computation.
		• Assessed the disclosure made in relation to IND AS 109 for ECL allowance. Further, we also assessed whether the disclosure of key judgements and assumptions are adequate.
2	IT Systems and Controls The Company uses Information Technology (IT) application for financial accounts and reporting process. Any gap in the financial accounting and reporting process may result in a misstatement, hence we have identified IT systems and controls over financial reporting as a Key Audit Matter.	Understood the IT systems and controls over key financial accounting and reporting systems.
		• Tested the general IT controls for design and operating effectiveness.
		• Understood the changes made in the IT environment during the year and ascertained its effect on the financial statements controls and accounts.
		• We also assessed, through sample tests, the information generated from these systems which were relied upon for our audit.

Other Information

The Company's Board of Directors is responsible for preparation of the other information. Other information comprises the information included in the Company's Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Responsibilities of Management and those charged with Governance for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with provisions of the Act for safeguarding assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate appropriateness of accounting policies used and reasonableness of accounting estimates and related disclosures made by management.
- Conclude on appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures

are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Sub-section (11) of Section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure-A a statement on the matters specified in paragraph 3 of the Order.
 - 2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books of accounts;
 - c) The Balance Sheet, Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid Ind AS financial statements comply with the accounting standards specified under section 133 of the Act;
 - e) On the basis of written representations received from the directors as on 31st March 2024 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024, from being appointed as a director in terms of sub section (2) of Section 164 of the Act;

- f) With respect to adequacy of the internal financial control over financial reporting of the Company and operating effectiveness of such control, refer to our separate Report in Annexure 'B'; and
 - g) As required by Section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed its pending litigations in its financial statements which would impact its financial position other than those mentioned in the Notes No. 33 to the accounts.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) As per the information and explanation given to us by the management, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) As per the information and explanation given to us by the management, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) On the basis of above representations, nothing has come to our notice that has caused us to believe that the above representations contained any material mis-statement.
 - v. The Company has not declared or paid any dividend during the year.
 - vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that audit trail feature was not enabled at the database level to log any direct data changes. Further, during the course of our audit, we did not come across any instance of audit trail

feature being tampered with, in respect of accounting software for the period for which the audit trail feature was enabled and operating.

ANNEXURE 'A' TO INDEPENDENT AUDITOR'S REPORT

Annexure 'A' referred to in Paragraph 1 of Report on Other Legal and Regulatory Requirements in our report to members of **INDEL MONEY LIMITED** ("the Company") for the year ended 31st March, 2024.

We report that:

- i. In respect of its Property, Plant & Equipment:
 - (a) (A) The Company is maintaining proper records showing full particulars including quantitative details and situation of Property, Plant & Equipment;
 - (B) The Company is maintaining proper records showing full particulars of Intangible Asset.;
 - (b) The Company has a regular programme of physical verification of Property, Plant & Equipment which is, in our opinion, reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain Property, Plant & Equipment have been physically verified by the management during the year and no material discrepancies have been noticed on such verification;
 - (c) According to the information and explanations received by us, as the Company owns no immovable properties, the requirement on reporting whether title deeds of immovable properties held in the name of the Company is not applicable.;
 - (d) As per the information and explanation given to us by the management, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) during the year and hence provisions of Clause 3(i)(d) of the Order are not applicable to the Company;
 - (e) As per the information and explanation given to us by the management, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder and hence provisions of Clause 3(i)(e) of the Order are not applicable to the Company.
- ii. In respect of its inventories:
 - (a) The Company is a Non-Banking Finance Company and its business does not require maintenance of inventories. Accordingly, the provision of clause 3(ii)(a) of the Order is not applicable to the Company;
 - (b) The Company has been sanctioned working capital limits in excess of 5 Crores in aggregate from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly statements filed with banks or financial institutions are in agreement with the books
- iii. (a) The principal business of the Company is to give loans, hence the requirement to report on clause 3(iii) (a) of the Order is not applicable to the Company

- (b) During the year the investments made, guarantee provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees are, in our opinion, not prejudicial to the Company's interest
- (c) In respect of loans and advances in the nature of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated. Being a Non-Banking (Non- Deposit Taking Systematically Important) Finance Company, there are instances where the repayment of principal and interest are not as per the stipulated terms.
- (d) In respect of loans and advances granted by the Company, and amount overdue for more than ninety days. In our opinion and according to the information and explanations given to us, reasonable steps have been taken by the Company for recovery of the principal and interest.
- (e) The principal business of the Company is to give loans, hence the requirement to report on clause 3(iii) (e) of the Order is not applicable to the company.
- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment. Hence the requirement to report loans granted to promoters, related parties as defined in clause 76 of section 2 of the Act or to any other parties on clause 3(iii) (f) of the Order is not applicable.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans granted, investments made and guarantees given, where applicable. The Company has not provided any security for which the provisions of section 185 and 186 of the Act are applicable.
- v. The Company has not accepted any deposits from the public or amounts which are deemed to be deposits during the year which attract the directives issued by the Reserve Bank of India. Being a Non-Banking Finance Company registered with Reserve Bank of India, the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Rules framed there under regarding acceptance of deposits are not applicable. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- vi. In our opinion and according to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the Company.
- vii. (a). In our opinion and according to the information and explanations given to us, the Company has generally been regular in depositing any undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues to the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, goods and services tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues were in arrears as at March 31, 2024, for a period of more than six months from the date they became payable.
 - (b) In our opinion and according to the information and explanations given to us, there are no disputed amounts dues to be deposited in respect of goods and services tax, provident fund, employees' state insurance, sales tax, duty of customs, duty of excise, value added tax and cess as at March 31, 2024.

- viii. In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no instances of any transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix. (a) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
 - (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender.
 - (c) In our opinion and according to the information and explanations given to us, the Company has utilized the money obtained by way of term loans for the purpose for which they were obtained.
 - (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have, prima facie not been utilized for long-term purposes by the Company.
 - (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
 - (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
 - x. (a) According to the information and explanations provided to us and the records of the Company examined by us, the Company has not raised monies by way of initial public offer or further public offer except for the public offer of debt instruments.

According to the information and explanation provided to us and the records of the Company examined by us, the monies raised by way of public offer of debt instruments during the year were applied for the purposes for which those were raised.

- (b) According to the information and explanations given to us, the Company has made preferential allotment of equity shares during the year and the requirements of Section 42 and Section 62 of the Companies Act, 2013 has been complied with and the funds raised have been used for the purpose for which fund was raised.

No fraud by the Company has been noticed or reported during the year, nor have we been informed of any such instance by the management
 - (b) No report under sub-section (12) of section 143 of the Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year by the Statutory Auditors and up to the date of this Report.
 - (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

- xii. The Company is not a Nidhi company as prescribed under Section 406 of the Companies Act. Accordingly, the reporting requirement under clause 3 (xii) of the Order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us, all transactions with related parties are in compliance with Sections 177 and 188 of the Act, where applicable, and the details of such transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.
- xiv. (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
 - (b) The internal audit is performed as per a planned program approved by the management and those charged with governance of the Company. We have considered, during the course of our audit, the reports of the branch internal audits for the year under audit in accordance with the guidance provided in SA 610 'Using the Work of Internal Auditors' issued by the Institute of Chartered Accountants of India.
- xv. According to the information and explanations given to us, in our opinion, during the year the Company has not entered into any non-cash transaction with its directors or persons connected with its directors and hence reporting requirement under Clause 3 (xv) of the Order are not applicable to the Company.
- xvi. (a) The Company is a Non-Banking Finance Company and is required to obtain Registration under section 45-IA of the Reserve Bank of India Act, 1934 and such registration has been obtained.
 - (b) The Company has a valid Certificate of Registration (CoR) from the Reserve Bank of India (RBI) for conducting Non-Banking Financial activities and no business has been conducted by the Company without a valid CoR.
 - (c) The Company is not a Core Investment Company (CIC)as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting requirements under clause 3 (xvi)(c) of the Order is not applicable.

ANNEXURE 'B' TO INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Indel Money Limited ('the Company') as of 31st March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring orderly and efficient conduct of its business, including adherence to Company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, and timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls . Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control over financial reporting was established and maintained and if such control operated effectively in all material respects.

Our audit involved performing procedures to obtain audit evidence about adequacy of the Company's internal financial controls system over financial reporting and their operating effectiveness. Our audit of the internal financial controls over financial reporting included obtaining an understanding of the internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating design and operating effectiveness of the internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding reliability of financial reporting and preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Corporate Information

Indel Money Limited ('the Company') was incorporated on September 11, 1986 in Mumbai, India. The Company is a Non-Deposit taking Non-Banking Financial Company which provides a wide range of fund based and fee-based services including gold loans, money transfer facilities etc. The Company is a public limited company and is registered with Reserve Bank of India.

2 Basis of preparation and Significant Accounting Policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared on a historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values as at the end of each reporting period as explained in the accounting policies below:

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these financial statements is determined on this basis.

Fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices;

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and place limited reliance on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2; and

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

2.2 Application of new and revised Ind AS

All the Ind ASs issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorised for issue have been considered in preparing these financial statements.

2.3 Presentation of Financial Statements

The Balance Sheet, the Statement of Changes in Equity and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division III to Schedule III to the Companies Act, 2013 ("the Act") applicable for Non-Banking Financial Companies ("NBFC"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified accounting Standards and directions issued by RBI or other regulators.

2.4 Functional And Presentation Currency

These financial statements are presented in Indian rupees (INR) which is also the Company's functional currency. All accounts are rounded-off to the nearest lakh with two decimals, unless otherwise stated.

2.5 Use of Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of the financial statements and the reported amounts of revenue and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognised in the periods in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognised prospectively in the period in which the estimate is revised and future periods.

Depreciation is recognised so as to write-off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each financial year, with the effect of any changes in estimate accounted for on a prospective basis. Assets purchased during the year are depreciated on the basis of actual number of days the asset has been put to use in the year.

The useful lives determined by the management are as under:

Category of Assets	Useful Life
Furniture and fixtures	10 years
Leasehold property	5 years
Computer hardware	3 years
Office equipment	5 years
Electrical equipment	10 years
Motor Vehicles	8 years

Changes in the expected useful life are accounted for by changing the depreciation period or methodology, as appropriate and treated as changes in accounting estimates. The Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

July

Notes to the financial statements for the year ended March 31, 2024

(Rupees in Lakhs, unless otherwise stated)

2.6 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured

- Interest income on loans given is recognised under the internal rate of return method with reference to the outstanding principal. Income or any other charges on non-performing asset is recognised only when realized. Any such income recognised before the asset became non-performing and remaining unrealized is reversed.
- ii) Loan processing fees collected from borrowers are recognized on an upfront basis at the time of disbursement of the loan.
- iii) The interest spread on the securitisation transactions are recognised in the Statement of Profit and Loss only when it is redeemed in cash by the Special Purpose Vehicle.
- iv) Interest income on fixed deposits/margin money is recognized on a time proportion basis taking into account the amount outstanding and the rate
- v) Cheque return charges are accounted for in the books of accounts on a receipt basis.
- vi) Dividend income is recognised when the right to receive payment is established by the balance sheet date.
- vii) All other incomes are recognised on an accrual basis.

2.7 Securitisation, Assignment and Co-Lending transactions

i) Securitisation Transactions

Securitized receivables are derecognised in the balance sheet when they are sold subject to the portion of loan asset which is required under minimum retention requirements.

Company's contractual rights to receive the share of future interest (i.e interest spread) in the transferred assets from the SPV is capitalised at the present value as Interest Only (I/O) strip with a corresponding liability created for unrealised gains on loan transfer transactions.

ii) Assignment Transactions

Receivable under the assignment/co lending akin to direct assignment transactions are de-recognized in the balance sheet when they are sold subject to the portion of loan assets which is required under minimum retention requirements.

iii) Co-Lending Transactions

Receivables relating to the Co-Lending arrangements is recognized in the agreed funding ratios upon disbursement and income is recognized at the interest rate of the loan after reducing the co-lender's share of interest at agreed rate.

2.8 Asset classification and provisioning for loan

The Company has followed the Master Directions issued by the Reserve Bank of India for Non- Banking financial companies in respect of Prudential Norms for Income recognition asset classification and provisioning.

Provisioning for loan portfolio is determined based on management estimates subject to the minimum provision required as per the NBFC Master Directions and other applicable guidelines / instructions issued by RBI from time to time. Further, specific additional provisions at rates higher than the regulatory requirments as above is created on voluntary basis to provide for estimated actual loss in collectible amounts.

Loans with negligible prospects of recovery are written off in accordance with the Company's policy.

2.9 Investments

Investments intended to be held for not more than a year from the date on which such investments are made are classified as current investments. All other investments are classified as non-current investments. Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis except for investments in unquoted units of mutual funds in the nature of current investments that have been valued at the net asset value declared by the mutual fund in respect of each particular scheme, in accordance with the NBFC Master Directions. Non-current investments are stated at cost. Provision is made for diminution, other than temporary, in the value of such investments. On disposal of an investment the difference between carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

2.10 Property, plant and equipment and related depreciation

Property, plant, and equipment are stated at cost of acquisition less accumulated depreciation and impairment loss, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

2.11 Intangible assets and related amortisation

Intangible assets comprising computer software are stated at the cost of acquisition less accumulated amortization and accumulated impairment losses, if any.

Expenditure incurred on acquisition/development of intangible assets which are not put/ready to use at the reporting date is disclosed under intangible assets under development.

Intangible assets are amortized over their estimated useful life of three years on straight-line method, based on expected future economic benefits accruing to the Company from the year of acquisition.

The amortization period and the amortization method is reviewed at least at each financial year end and adjusted prospectively if appropriate.

2.12 Impairment

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. An asset is identified as impaired, when the carrying value of the asset exceeds its recoverable value. Based on such assessment, impairment loss, if any is recognized in the Statement of Profit and Loss of the period in which the asset is identified as impaired. The impairment loss recognized in the prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

2.13 Borrowing Costs

Borrowing costs include interest and other costs that an entity incurs in connection with the borrowing of funds. Ancillary expenditure incurred in MONE connection with arrangement of borrowing are amortised over the tenure of the respective borrowing.

2.14 Employee Benefits

The Company has defined contribution plans for employees, comprising of Provident Fund and Employees' State Insurance. The contributions paid/payable to these plans during the year are charged to the Statement of Profit and Loss for the year as they fall due based on the amount of contribution required to be made and when the services are rendered by the employees.

Defined Benefit Plan

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The net present value of the obligation for gratuity benefits as determined on independent actuarial valuation, conducted annually using the Projected Unit Credit Method, as adjusted for - unrecognized past services cost, if any and as reduced by the fair value of plan assets if any, is recognized in the accounts. Actuarial gains and losses are recognized in full in the Statement of Profit and Loss for the period in which they occur.

Long Term Employee Benefits

The Company treats accumulated leave expected to be carried forward beyond twelve months as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the services are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc. are recognised as an expense at the undiscounted amount in the Profit and Loss Statement of the year in which the employee renders the related service. Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

2.15 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2 16 Leases

Where the Company is lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the assets for the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Where the Company is the lessor

Leases in which the Company transfers substantially all the risks and benefits of ownership of the asset are classified as finance leases. Assets given under finance lease are recognized as a receivable at an amount equal to the net investment in the lease. After initial recognition, the Company apportions lease rentals between the principal repayment and interest income so as to achieve a constant periodic rate of return on the net investment outstanding in respect of the finance lease. The interest income is recognized in the Statement of Profit and Loss.

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in property, plant, and equipment. Lease income on an operating lease is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the Statement of Profit and Loss.

2.17 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

Contingent Assets are neither recognised nor disclosed in the financial statements.

2.18 Income tax

- i) Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961, enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.
- ii) Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current period and reversal of timing differences for the earlier years. Deferred tax assets are recognised for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

iii) Minimum alternate tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the Statement of Profit and Loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

o) Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

p) Share issue expenses

Expenses incurred in connection with issue of securities are charged against the Securities Premium account as per Section 52 of the Act.

g) Share based payments

In case of stock option plan, measurement and disclosure of the employee share-based payment plans is done in accordance with the Guidance Note on Accounting for Employee Share-based Payments, issued by the Institute of Chartered Accountants of India as applicable for equity-settled share-based payments.

The cost of equity-settled transactions is measured using the intrinsic value method and recognised, together with a corresponding increase in the "Stock options outstanding account" in reserves. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognised in the Statement of Profit and Loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Actuarial gains and losses in respect of defined benefit plans are recognised in the financial statements through other comprehensive income.

Through its defined benefit plans the company is exposed to a number of risks, the most significant of which are detailed below:

Interest risk

The plan liabilities are calculated using a discount rate set with references to government bond yields. Any decrease in interest rate will increase the

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The following table set out the unfunded status of the defined benefit schemes and the amount recognised in financial statements.

The estimates of future salary increase, considered in actuarial valuation, take account of inflation, seniority, promotion, and other relevant factors.

Sensitivity analysis

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate, future salary escalation rate and attrition rate. The following tables summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points. These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

A quantitative sensitivity analysis for significant assumptions as at March 31, 2024 and March 31, 2023 are as shown below:

Assumption	Sensitivity Level	As at March 31, 2024	As at March 31, 2023
Discount rate	Decrease by 1%	180.86	109.96
Discount rate	Increase by 1%	165.85	105.30
Salary escalation rate per annum	Decrease by 1%	166.49	105.36
Salary escalation rate per annum	Increase by 1%	179.94	109.86
Withdrawal rate	Decrease by 50%	224.61	140.60
Withdrawal rate	Increase by 50%	150.67	92.62

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

The payout pattern of defined benefit obligation (undiscounted) estimated as at year-end is given below:

Particulars	As at March 31,2024	As at March 31,2023	
Expected cashflow due			
- within 1 year	57.59	46.71

B Fair values hierarchy

The fair value of financial instruments as referred to in note 'A' above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs).

B.1 Valuation framework

The Company's fair value methodology and the governance over its models includes a number of controls and other procedures to ensure the quality and adequacy of the fair valuation. The valuation techniques and specific considerations for level 3 inputs are explained in detail below. The objective of the valuation techniques is to arrive at a fair value that reflects the price that would be received to sell the asset or paid to transfer the liability in the market at any given measurement date.

The fair valuation of the financial instruments and its ongoing measurement for financial reporting purposes is ultimately the responsibility of the finance team which reports to the Chief Financial Officer. The team ensures that final reported fair value figures are in compliance with Ind AS and will propose adjustments wherever required. When relying on third-party sources, the team is also responsible for understanding the valuation methodologies and sources of inputs and verifying their suitability for Ind AS reporting requirements.

B.2 Fair value of instruments measured at fair value

The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at balance sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

B.3 Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows, these fair values are calculated using Level 3 inputs:

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

(i) The management assessed that fair values of the following financial instruments to be approximate their respective carrying amounts, largely due to the short-term maturities of these instruments:

Cash and cash equivalents

Bank balances other than cash and cash equivalents

Trade payables

Other financial assets and liabilities

- (ii) Majority of the Company's borrowings are at a variable rate interest and hence their carrying values represent best estimate of their fair value as these are subject to changes in underlying interest rate indices.
- (iii) The management assessed that fair values arrived by using the prevailing interest rates at the end of the reporting periods to be approximate their respective carrying amounts in case of the following financial instruments-

Loans

Lease liabilities

Debt securities

Estimated fair values of off-balance sheet positions are based on market prices for similar instruments or on discounted cash flow models, as explained above, which incorporate the credit risk element through the discount factor.

The management assessed that fair values of cash and cash equivalents, other bank balances, trade receivables, other financial assets, trade payables and other financial liabilities approximate their respective carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- (i) The fair values of the Company's fixed interest bearing loans and receivables are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. Their own non-performance risk as at March 31, 2019 was assessed to be insignificant.
- (ii) The fair values of the Company fixed rate interest-bearing debt securities, borrowings and subordinated liabilities are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. For variable rate interest-bearing debt securities, borrowings and subordinated liabilities, carrying value represent best estimate of their fair value as these are subject to changes in underlying interest rate indices as and when the changes happen.
- (iii) The fair values of the Company fixed interest-bearing debt securities, borrowings and subordinated liabilities are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at March 31, 2019 was assessed to be insignificant.
- (iv) All other debt securities, borrowings and subordinated liabilities availed by the Company are variable rate facilities which are subject to changes in underlying interest rate indices. Further, the credit spread on these facilities are subject to change with changes in Company creditworthiness. The management believes that the current rate of interest on these loans are in close approximation from market rates applicable to the Company. Therefore, the management estimates that the fair value of these borrowings are approximate to their respective carrying values.

40 Financial risk management

Introduction and risk profile

The Company has operations in India. The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors, assisted by Risk Management Committee (RMC) and Chief Risk Officer (CRO) has overall responsibility for the establishment and oversight of the Company risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Managed by a robust control framework by the risk and debt management unit. This is achieved by continuously aligning credit and debt management policies and resourcing, obtaining external data from credit bureaus and review of portfolios and delinquencies by senior and middle management team comprising of risk, finance and business teams. A Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, other bank balances, other receivables, loan assets, other financial assets. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

A.1 Credit risk management

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets:

- (i) Low credit risk
- (ii) Moderate credit risk
- (iii) High credit risk

The Company provides for expected credit loss based on the following:

	Basis of categorisation	Provision for expected credit loss
Asset group Low credit risk	Cast and Cast equivalents, other bank bank bank bank	12 month expected credit loss
Moderate credit risk	loans and other financial assets Identified loans	Life time expected credit loss or 12 month expected credit loss
High credit risk	Identified loans	Life time expected credit loss fully provided for

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Company write off Loan assets when there is no reasonable expectation of recovery, such as a borrower declaring bankruptcy or a litigation decided against the borrower. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made subsequently are recognized in the statement of profit and loss.

A.3 Management of credit risk for financial assets other than loans

Cash and cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is considered to be very low as the Company only deals with high rated banks. The risk is also managed by diversifying bank deposits and accounts in different banks across the country.

Other financial assets measured at amortised cost

Other financial assets measured at amortised cost includes advances to employees and security deposits. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously.

A.4 Expected credit losses for financial assets other than loans

Company provides for expected credit losses on financial assets other than loans by assessing individual financial instruments for expectation of any credit losses:

- For cash and cash equivalents and other bank balances Since the Company deals with only high-rated banks and financial institutions, credit risk in respect of cash and cash equivalents, other bank balances and bank deposits is evaluated as very low.
- For other financial assets comprising security deposits paid, employee advances, Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

A.5 Management of credit risk for loans

Credit risk on loans is the single largest risk of the Company's business, and therefore the Company has developed several processes and controls to manage it. The Company is engaged in the business of providing loans to individuals and corporates to purchase used or new two wheeles.

The Company duly complies with the RBI guidelines with regards to disbursement of loans

The credit risk on loans can be further bifurcated into the following elements:

- (i) Credit default risk
- (ii) Concentration risk

(i) Management of credit default risk:

Credit default risk is the risk of loss arising from a debtor being unlikely to pay the loan obligations infull or the debtor is more than 90 days past due on any material credit obligation. The Company majorly manages this risk by measures such as verifying client details, and the usage of credit bureau data to get information on past credit behaviour also supplement the efforts for containing credit risk. There is a exhaustive client due diligence process in place which includes verification through both internal employees of the company and external due diligence agency. We also follow a systematic methodology in the opening of new branches, which takes into account factors such as demand for credit in the area; income and market potential; and socio-economic and law and order risks in the proposed area. Further, our client due diligence procedures encompass various layers of checks, designed to assess the quality of the proposal and to confirm that it meets the structured credit assessment parameter laid down by company's credit policy and process.

(ii) Management of concentration risk:

Concentration risk is the risk associated with any single exposure or group of exposures with the potential to produce large enough losses to threaten Company's core operations. It may arise in the form of single name concentration or industry concentration. In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentration risks are controlled and managed accordingly.

A.5.: Credit risk measurement - Expected credit loss measurement

Ind AS 109 outlines a "three stage" model for impairment based on changes in credit quality since initial recognition as summarised below:

- A financial instrument that is not credit impaired on initial recognition and whose credit risk has not increased significantly since initial recognition is classified as "Stage 1".
- If a significant increase in credit risk since initial recognition is identified, the financial instrument is moved to "Stage 2" but is not yet deemed to be credit impaired.
- If a financial instrument is credit impaired, it is moved to "Stage 3".

ECL for depending on the stage of financial instrument:

- Financial instrument in Stage 1 have their ECL measured at an amount equal to expected credit loss that results from default events possible within the next 12 months.
- Instruments in Stage 2 or Stage 3 criteria have their ECL measured on lifetime basis.

Notes to the financial statements for the year ended March 31, 2024

(Rupees in Lakhs, unless otherwise stated)

A.5.2 Criteria for significant increase in credit risk

The Company considers a financial instrument to have experienced a significant increase in credit risk when one or more of the following quantitative or qualitative criteria are met.

(i) Quantitative criteria

The remaining lifetime probability of default at the reporting date has increased, compared to the residual lifetime probability of default expected at the reporting date when the exposure was first recognized. The Company considers loan assets as Stage 2 when the default in repayment is within the range of 30 to 90 days.

(ii) Qualitative criteria

If other qualitative aspects indicate that there could be a delay/default in the repayment of the loans, the Company assumes that there is significant increase in risk and loan is moved to stage 2.

The Company considers the date of initial recognition as the base date from which significant increase in credit risk is determined.

A.5.: Criteria for default and credit-impaired assets

The Company defines a financial instrument as in default, which is fully aligned with the definition of credit-impaired, when it meets the following criteria:

(i) Quantitative criteria

The Company considers loan assets as Stage 3 when the default in repayment has moved beyond 90 days.

(ii) Qualitative criteria

The Company considers factors that indicate unlikeliness of the borrower to repay the loan which include instances like the significant financial difficulty of the borrower, borrower deceased or breach of any financial covenants by the borrower etc.

A.5.4 Measuring ECL - explanation of inputs, assumptions and estimation techniques

Expected credit losses are the discounted product of the probability of default (PD), exposure at default (EAD) and loss given default (LGD), defined as follows: - PD represents the likelihood of the borrower defaulting on its obligation either over next 12 months or over the remaining lifetime of the instrument.

- EAD is based on the amounts that the Company expects to be owed at the time of default over the next 12 months or remaining lifetime of the instrument.
- LGD represents the Company's expectation of loss given that a default occurs. LGD is expressed in percentage and remains unaffected from the fact that whether the financial instrument is a Stage 1 asset, or Stage 2 or even Stage 3. However, it varies by type of borrower, availability of security or other credit

Probability of default (PD) computation model

The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

Loss given default (LGD) computation model

The loss rate is the likely loss intensity in case a borrower defaults. It provides an estimation of the exposure that cannot be recovered in the event of a default and thereby captures the severity of the loss. The loss rate is computed by factoring the main drivers for losses (e.g. joint group liability mechanism, historical recoveries trends etc.) and arriving at the replacement cost.

A.6.: Credit enhancements

The assessment of significant increase in risk and the calculation of ECL both incorporate forward-looking information. The Company has evaluated that the analysis of forward-looking information reveal that the scenario applicable to the Company is "Base Case Scenario" which assumes that the Macroeconomic conditions are normal and is similar to previous periods. In this case normal credit rating and corresponding PD & LGD is considered for ECL computation. The Company reviews the details on a periodic basis.

A.7 Loss allowance

The loss allowance recognized in the period is impacted by a variety of factors, as described below:

- Transfers between Stage 1 and Stages 2 or 3 due to financial instruments experiencing significant increases (or decreases) of credit risk or becoming creditimpaired in the period, and the consequent "step up" (or "step down") between 12-month and lifetime ECL.
- Additional allowances for new financial instruments recognized during the period, as well as releases for financial instruments de-recognized in the period
- Impact on the measurement of ECL due to changes in PDs, EADs and LGDs in the period, arising from regular refreshing of inputs to models
- Financial assets derecognised during the period and write-offs of allowances related to assets that were written off during the period The following table further explains changes in the gross carrying amount of the Loan portfolio to help explain their significance to the changes in the loss allowance for the same portfolio as discussed above:

A.9 Write off policy

The Company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery.

Indicators that there is no reasonable expectation of recovery include:

- Ceasing enforcement activity
- Where the Company's recovery method is foreclosing and there is no reasonable expectation of recovery in full.

A.10 Audit Trail facility for accounting software

As required under the Companies (Audit and Auditors) Amendment Rules, 2021, read with sub-section 3 of Section 143 of the Companies Act, 2013 which was effective from 1st April 2023, the Company has used own accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that audit trail feature was not enabled at the database level to log any direct data changes, wherein adequate controls have been deployed to monitor the direct data changes effected at the data base level. Further, as required under proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, the audit trail has been preserved by the company as per the statutory requirements for record retention.

B Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

B.1 Maturities of financial liabilities

The tables below analyse the Company financial liabilities into relevant maturity groupings based on their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

C Market risk - Interest rate risk

C.1 Liabilities

The Company's policy is to minimize interest rate cash flow risk exposures on long-term financing. At March 31, 2024, the Company is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Company's investments in fixed deposits all pay fixed interest rates.

Interest rate risk exposure

Below is the overall exposure of the Company to interest rate risk:

Below is the overall exposure of the company to interest at a second

Interest rates – decrease by 0.50% basis	-186.05	-131.99

^{*} Holding all other variables constant

C.1.2 Assets

The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

42 Capital management

The Company's capital management objectives are

- to ensure the Company's ability to continue as a going concern
- to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. vi. Institutional set-up for liquidity risk management

Liquidity risk is the risk that the Company does not have sufficient resources to meet its obligation as and when they fall due. The risk arises from the mismatches in the timing of the cash flows which is inherent in all financing operations and can be managed with the strategies, policies, and procedures.

The Company has put in place an effective Asset Liability Management System "ALCO" headed by Managing Director of the Company.

The Company manages its liquidity risk through a mix of strategies, including forward-looking resource mobilization based on projected disbursements and maturing obligations. ALCO is responsible for managing the Company's liquidity risk via a combination of policy formation, review and governance, analysis, stress testing, limit setting and monitoring. The Company continuously monitors liquidity in the market; and as a part of its ALM strategy, the Company maintains a liquidity buffer managed by an active investment desk to reduce this risk. As on 31 March 2024, the Company has liquidity buffer of Rs. 12,409.10 lakhs (Cash and bank balances). The Company maintains a judicious mix of borrowings from various institutions like Banks, NBFCs and other financial institutions and instruments like Term Loans, Commercial Papers, Non-Convertible Debentures, Cash Credit Facilities etc. to diversify its sources of borrowings with an emphasis on longer tenor borrowings. This strategy of balancing varied sources of funds and long tenor borrowings has helped the Company maintain a healthy asset liability position and contain interest rate movements during the financial year 2023-24 the weighted average cost of borrowing moved down by 5 bps despite volatile market conditions and continuous increase in Repo Rates.
